Heat exchangers

Heat exchangers Kelvion

Area exclusive distribution for Europe

Heat exchanger **GBS700M/L**

Volume	0,23 (l/channel)
Maximum working pressure	30 bar
Maximum flow of water	27 m3/h
Plate material	Stainless Steel AISI 316/14401
Welding material	Copper
Maximum number of plates	150
Maximum working temperature	200 °C

Area exclusive distribution for Europe

Heat exchanger **GBS500H**

Volume	0,10 (l/channel)
Maximum working pressure	30 bar
Maximum flow of water	10 m3/h
Plate material	Stainless Steel AISI 316/14401
Welding material	Copper
Maximum number of plates	100
Maximum working temperature	200 °C
